

Summary of Provincial and Territorial Cannabis Regulations (current to April 11, 2018)

The following table provides a summary of the regulations announced by the provinces and territories for anticipated legalization of cannabis in summer 2018. Blank cells indicate areas where provinces and territories have not yet released regulations. CCSA will update the table regularly, including the addition or deletion of categories as appropriate, to reflect ongoing regulatory developments. For more information, and to correct any inaccuracies, please contact cannabis@ccsa.ca.

The columns are colour coded to indicate the status of the regulations. Columns in blue indicate that regulations are still at the preliminary stage and have not yet been formally tabled. Columns in grey indicate that the regulations are in the form of a bill before the legislature. Columns in white indicate that the regulations have been passed.

Canadian Centre
on Substance Use
and Addiction

CCSA was created by Parliament to provide national leadership to address substance use in Canada. A trusted counsel, we provide national guidance to decision makers by harnessing the power of research, curating knowledge and bringing together diverse perspectives. CCSA activities and products are made possible through a financial contribution from Health Canada. The views of CCSA do not necessarily represent the views of the Government of Canada.
